WHO WE ARE

Home Dynamics builds homes of exceptional value because we're as passionate about designing quality homes as you are about living in one. Our innovative, contemporary homes appeal to everyone, whether you're looking for your first home, a second home, or a multimillion-dollar estate.

From our neighborhoods' superior locations to the intimate communities we create to the value we provide, Home Dynamics has offered that unbeatable combination since 1994. Thousands of families now live in our distinctive communities throughout Florida.

Like your family, our expert professionals are part of our Home Dynamics family, too. Our team brings decades worth of experience in land acquisition, site development, construction, architectural and interior design, accounting, sales and marketing, and customer service.

Just as you understand your family's needs, we research your desires. That's how we craft practical, yet inventive, floor plans and compelling exteriors to match and reflect your values and lifestyle.

In fact, the *South Florida Business Journal* named Home Dynamics the No. 1 fastest-growing company among businesses of every type in the region. Home Dynamics is proud to be a privately held company. That means our sole focus is on you, the homebuyer, not on shareholders.

That gives us the freedom to provide a level of quality, creative architectural design, and customer service unmatched by larger homebuilders.

We were built on a foundation of core values: doing the right thing for the right reasons. That has kept us in business through several real estate cycles, where other private and even public builders couldn't survive. What does our long-term financial stability mean to you? Home Dynamics' conservative financial principals allow you peace of mind. We are there for our homeowners, for our lenders, and for our employees, not just today, but well into the future.

We appreciate your trust in Home Dynamics. Just as you are investing in your home, we want you to know that we're there to help you attain the American Dream. We invite you to explore our website and learn about all we offer to homebuyers like you in our communities throughout the Sunshine State.

“Our success is reflected in what we do,” says David Schack, president of Home Dynamics. “Our attention to homebuyers, as well as our site selection, home designs, and affordability have allowed us to continue growing.”
